Buying your shirts is important enough to do with discrimination. We feature EAGLE SHIRTS because the man who wears them is always pleased with his taste and judgment.

The makers design their own fabrics; experiment with them till they make good; dye their own yarns with fast colors; and then put the results of fifty years' experience into the cut and tailoring.

No wonder you admire the fineness of texture in EAGLE SHIRTS, the cleverness and exclusiveness of design. These, with superiority of fit and finish, make unnecessary the absolute guarantee nevertheless given by the maker and by us.

Our Fall assortment is large and varied enough—now—to show you what we mean by individuality of pattern, richness of color, expertness of weave and refinement of craftsmanship.

They are priced from \$2.00 to \$10.00.

Men who know tobacco, chew the best without its costing them any more. They take a little chew and it's amazing how the good taste stays in a rich, high grade chewing tobacco. For lasting tobacco satisfaction, there's nothing like a small chew of that rich-tasting tobacco.
